ClickShare Basic Sharing

Autorun the Button

The Button is 'Click' and 'Share' by loading the autorun driver (no action required)

The ClickShare Button will show up as a **CD-ROM** drive letter.

If the ClickShare 'autorun driver' is **blocked** for 'auto installing' on your device, then double-click 'ClickShare_for_windows' to **activate** the Button.

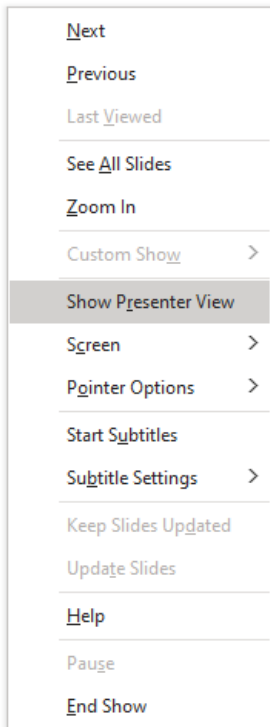

Your IT department can also install the 'launcher' program on your device to autorun ClickShare.

ClickShare Basic Sharing

The ClickShare Desktop app

Share a **screen** or one **window**.

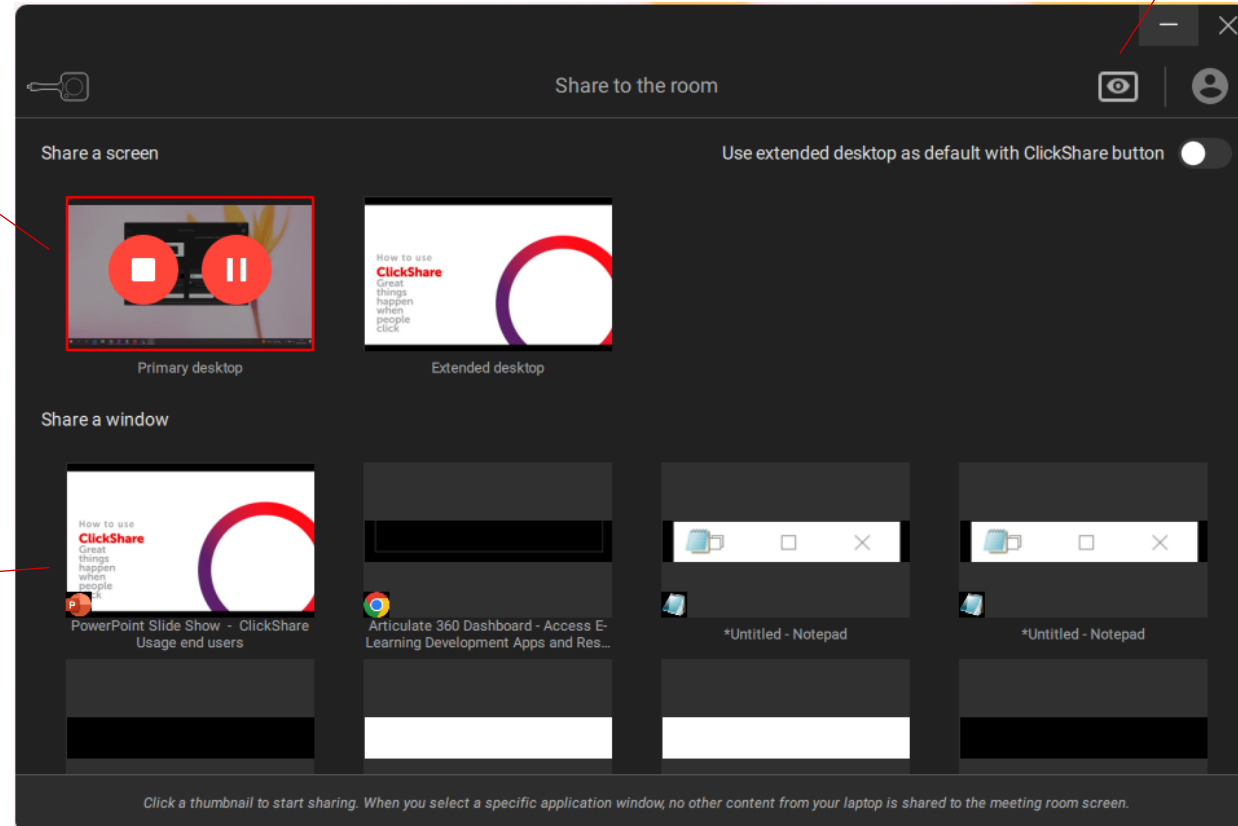

Freeze the screen

PowerPoint **Presenter view**

Click **right** on a slide to access and see your notes and next slide preview.

Note that you need to share the active slide show to make this work.

View Room Display
See the shared content on your own device.

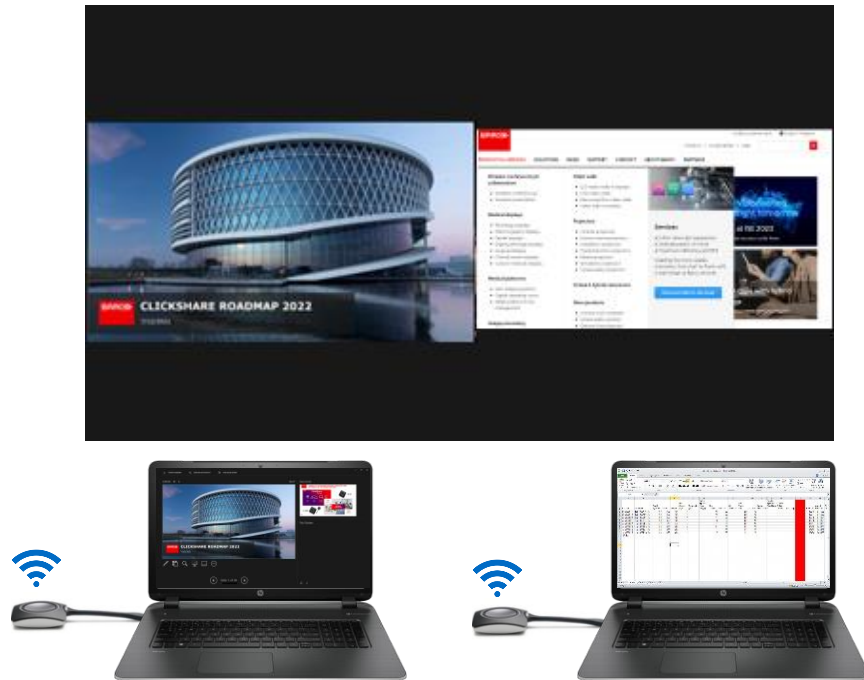

Extended desktop
Find the 'ClickShare Extension Pack' to load the needed Drivers.

ClickShare Basic Sharing

Sharing Hints

You can share **2 sources** on the screen.
This depends on the used ClickShare model.

Up to 16 Buttons or Apps can be **'ready to share'** simultaneous.

Dual screen is possible with CX-50 Gen2

Press central button 2 seconds to take over the full screen.

Press the **small** Button to access the App.

PROBLEM quick fix if:

Rapid **red** blinking or Continued white rotating...

1. Try to connect the **Button** into the Base Unit's USB slot until the Button turns green or contact the IT department.

2. **Restart** the Base Unit

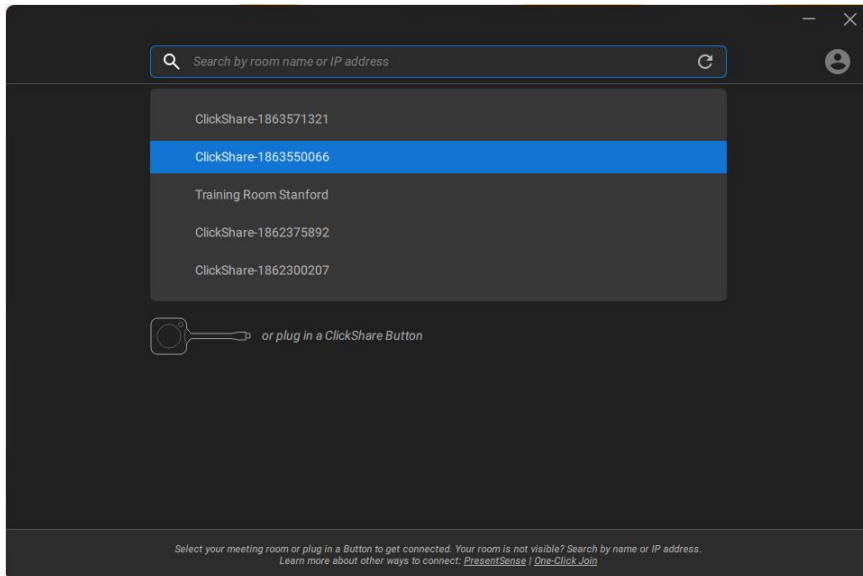

ClickShare Basic Sharing

Scenario : Using the app without the Button

If you're not using the Button you need to **install** the ClickShare desktop App.

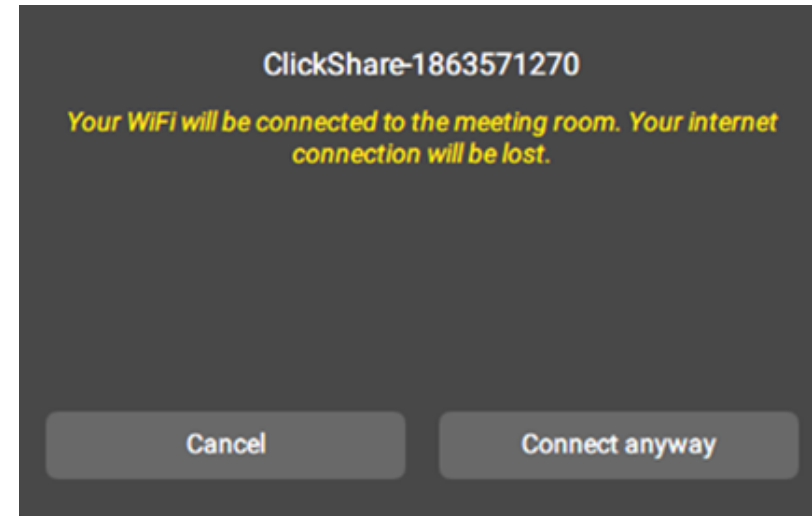

Download it from : <https://www.barco.com/eu-en/products/conferencing-collaboration/app>

- Select the correct ClickShare.

- Look to the Wallpaper on the Room Screen for the correct ClickShare name.
- Fill out the passcode if requested.

If your ClickShare Unit is not connected to the **network**, then you will **be disconnected from your current network connection and loose Internet.**

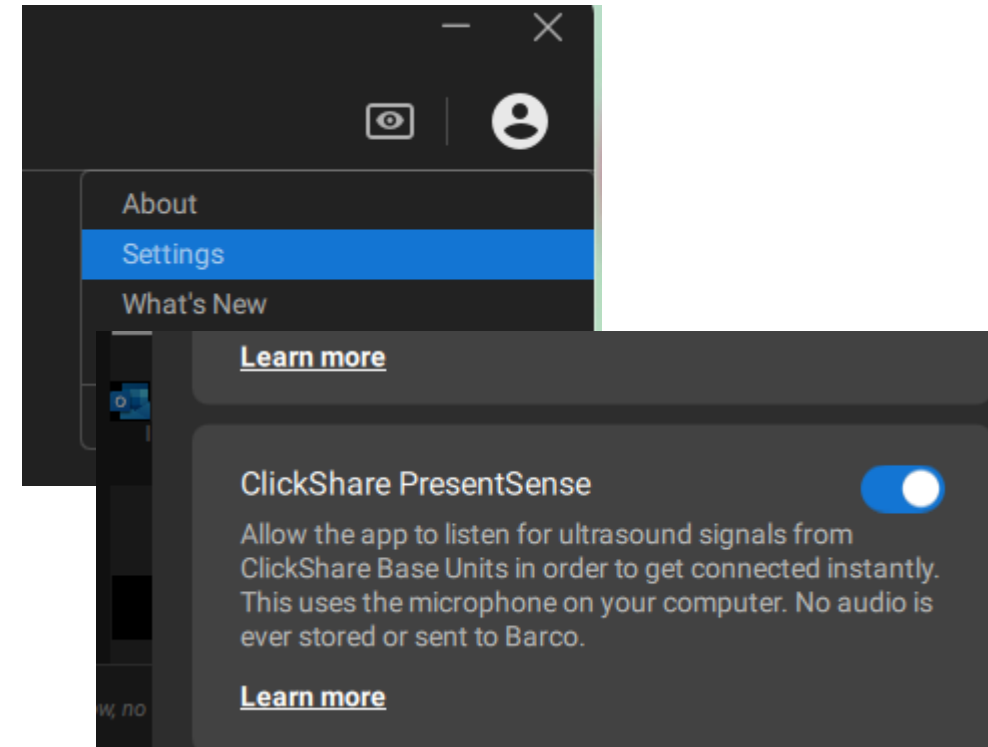

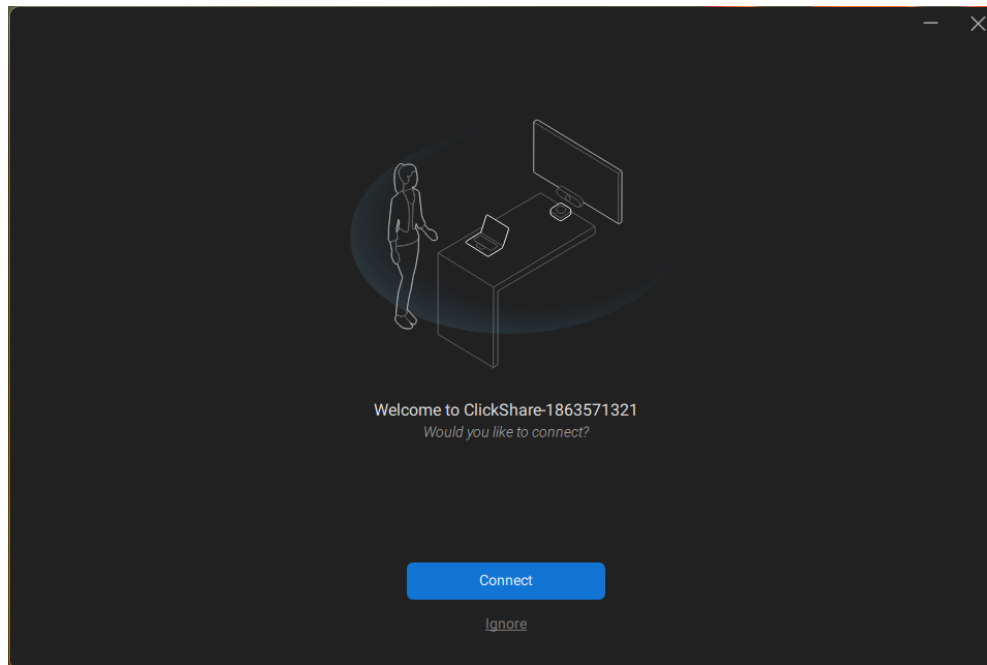

Note that this installation scenario is not recommended by Barco.

ClickShare Basic Sharing

Connect automatically with PresentSense

The ClickShare Base Unit is sending out a **sound** that is picked up by the App through your microphone.

This makes it possible to get a **connection pop-up** automatically the moment you enter the Meeting Room.

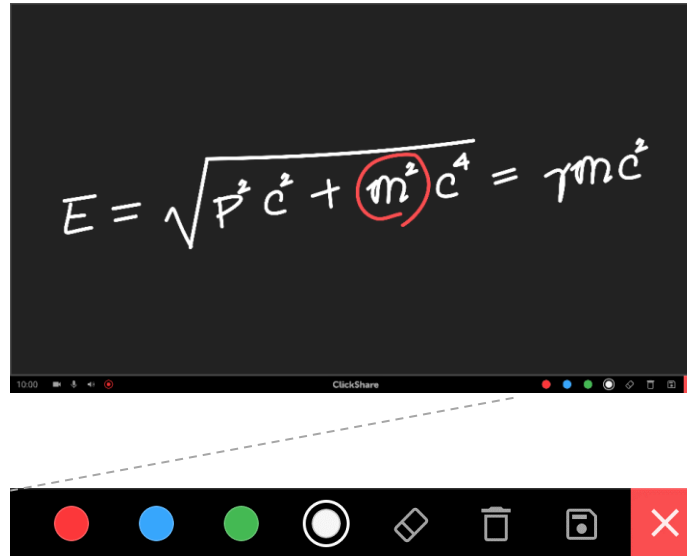

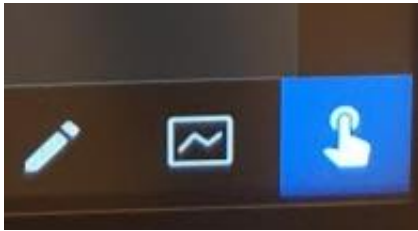

PresentSense needs to be active in the Apps Settings.

Touch capability *(C-10 CX-30 CX-50)*

ClickShare Blackboard & Annotation

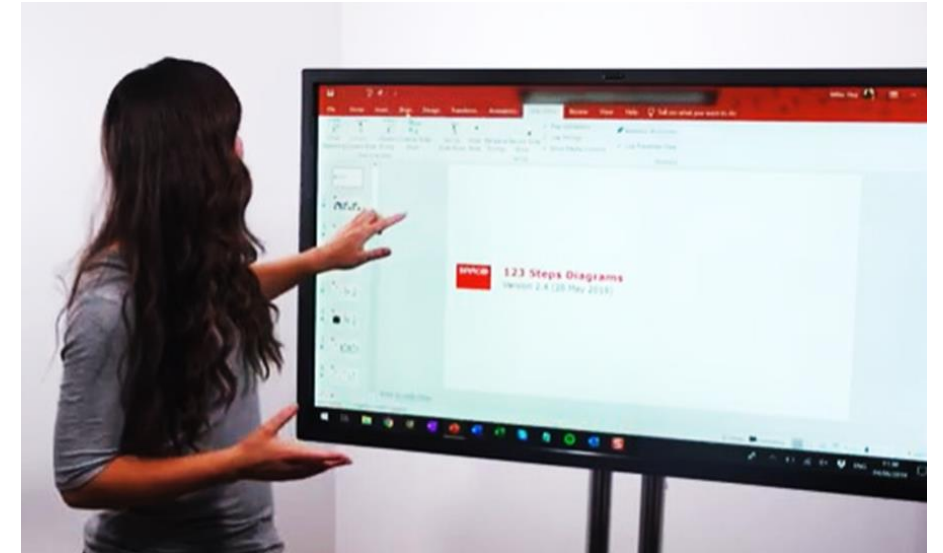

If you have a touchscreen connected to ClickShare, you will get touch icons at the bottom of the screen.

- **Blackboard** and **annotation** screen are multitouch.
- Tap on the **save** button to get the content in .pdf on your device.

ClickShare Touchback

Control the connected Mac or PC from the Room Screen.

ClickShare Conference

Starting a conference

1. Insert the Button or activate the ClickShare App.
2. Start your Teams, Skype, Zoom, WebEx,... meeting **as you usually would**. (from Outlook or directly in e.g. Teams)

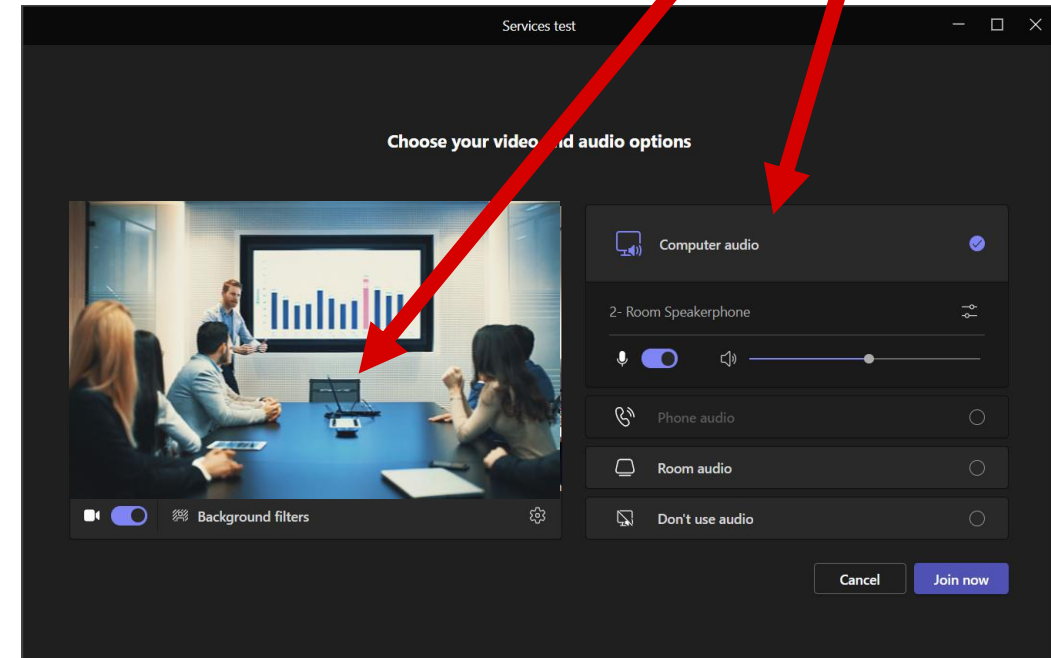

Send Update	Title	Meeting with Barco	
	Required	<input type="checkbox"/>	
	Optional	<input type="checkbox"/>	
Start time	Fri 05/05/2023	<input type="calendar"/>	13:00
End time	Fri 05/05/2023	<input type="calendar"/>	15:30
Location	Microsoft Teams Meeting		

Microsoft Teams meeting

Join on your computer, mobile app or room device

[Click here to join the meeting](#)

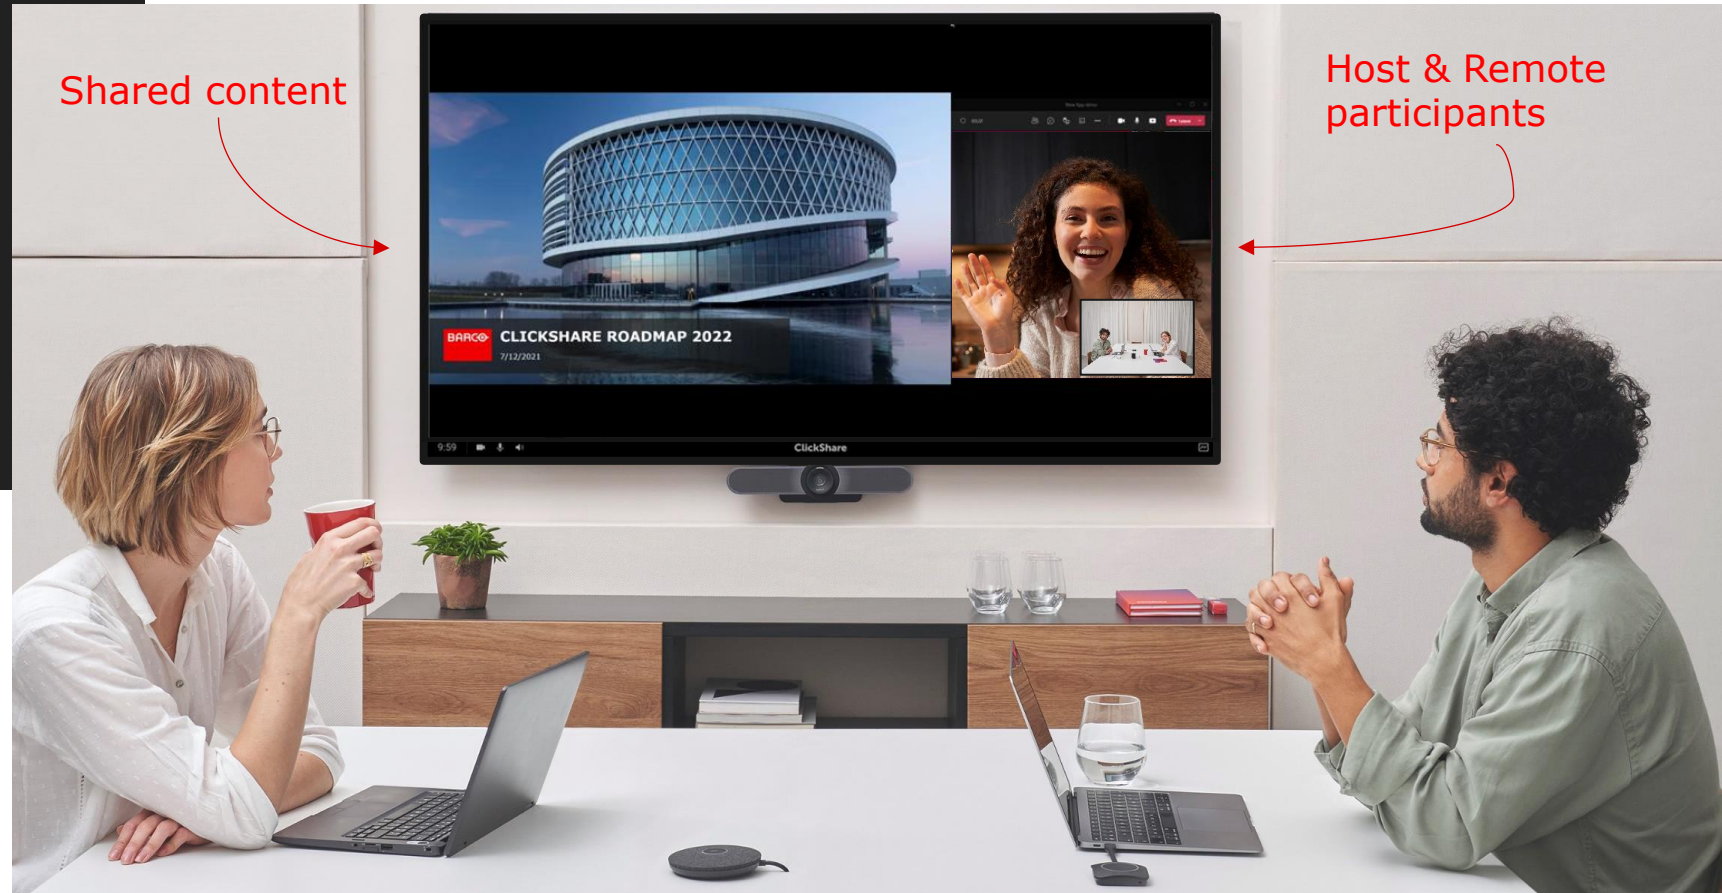

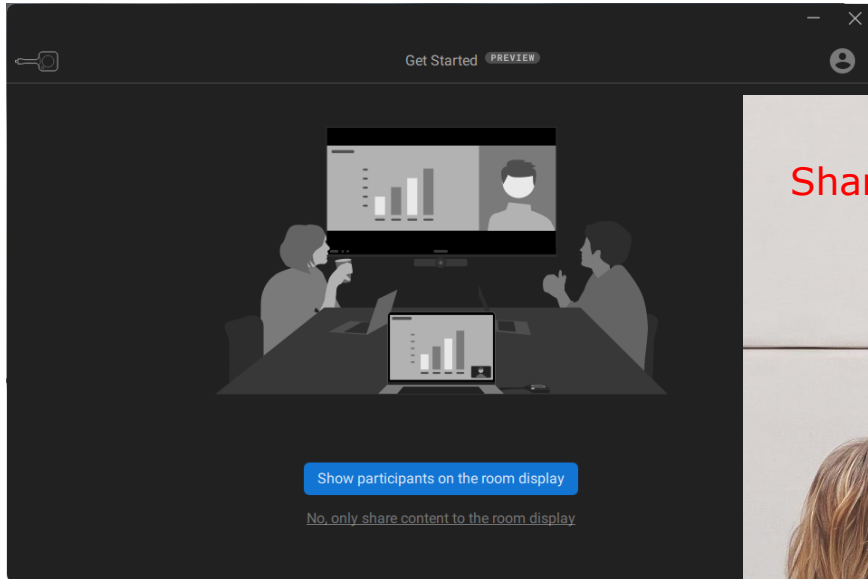

ClickShare gives you access to the room Camera, Room Microphone and Speakers... **DO A QUICK CHECK IF OK...**

ClickShare Conference

Starting a conference

3. Choose if you want to see automatically the **participants** and **shared content** next to each other.

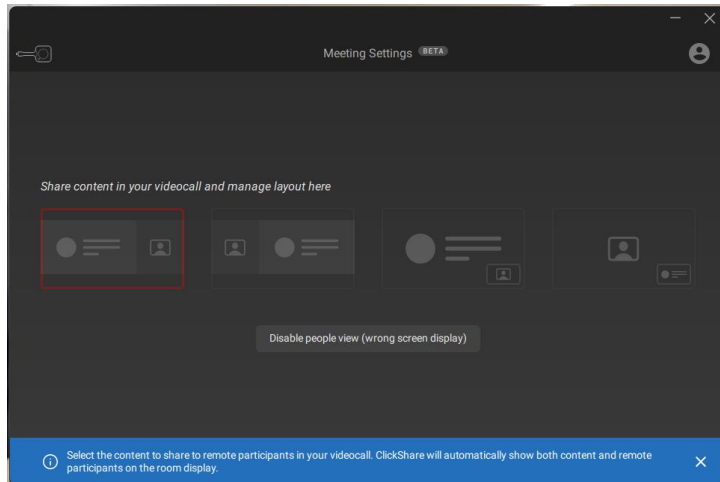

ClickShare Conference

Hints

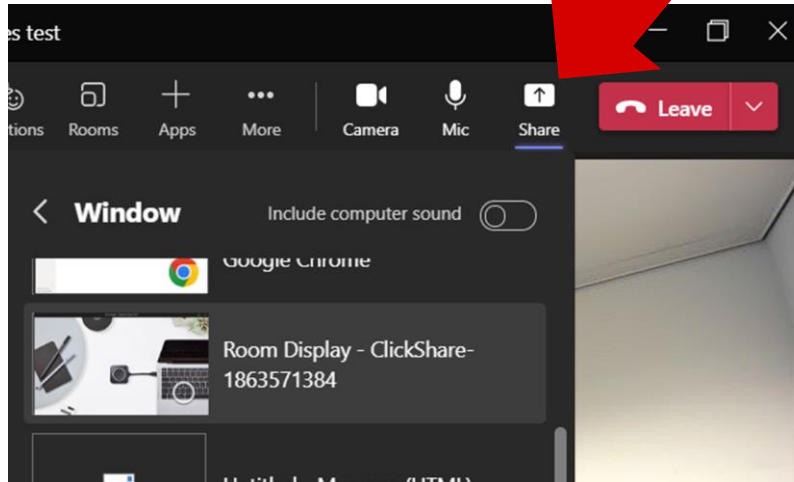

SCREEN LAYOUT

Press the **small button** on the ClickShare Button to choose the **layout** of content and remote people view.

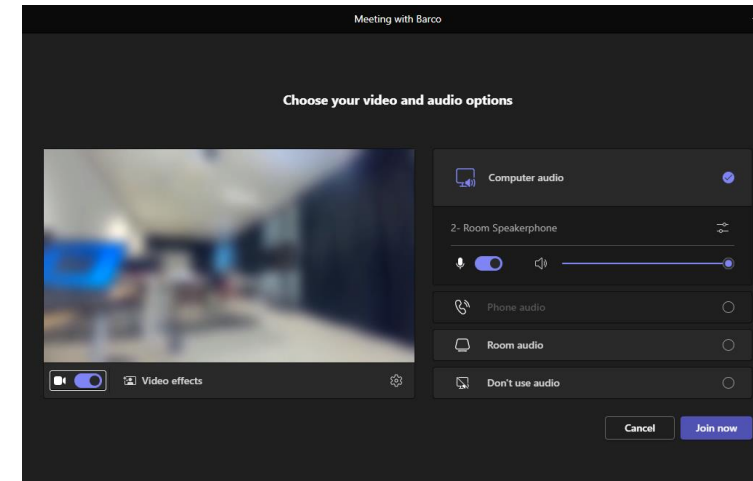

SHARING CONTENT REMOTE

Sharing content to the remote people is done in Teams, Skype or WebEx as you usually do.

BLURRED BACKGROUND?

Don't forget to **deactivate** the Video Effects or **Blurring your background !!**

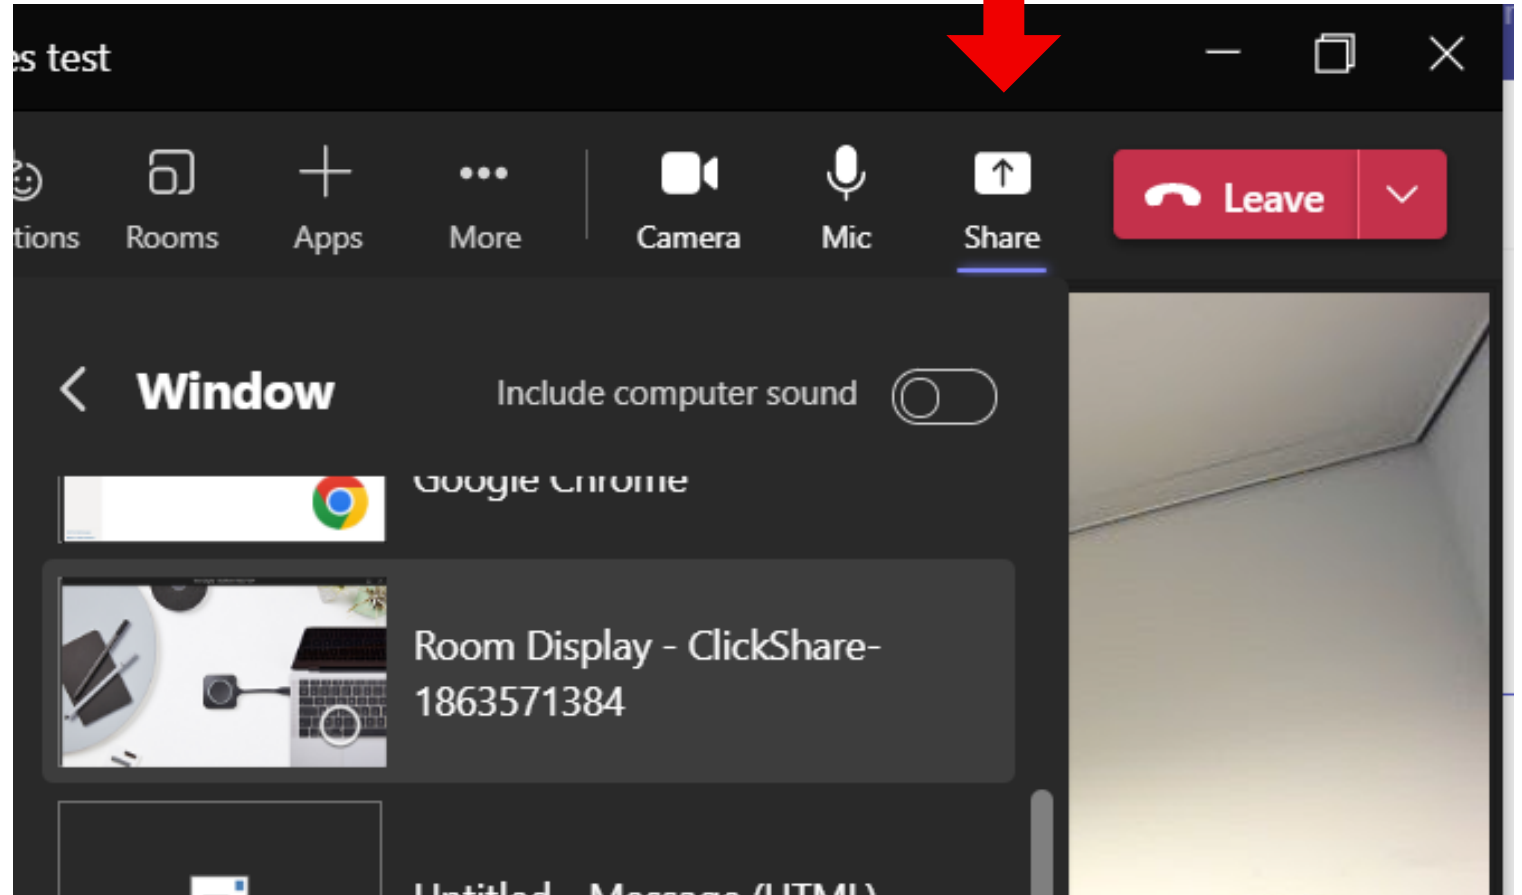

SHARE THE ROOM DISPLAY REMOTE

In Teams, Zoom, ...
Share the **ClickShare Room Display Window**
to the remote people from Teams, Zoom

*Think about sharing remote the Blackboard or
Annotation or 2 sources next to each other...*
