ZyXEL

Make Your Next Presentation Move

- **802.11b/g Wireless Connectivity**
- **Advanced Wireless Security Transmission with WEP Encryption**
- **Install Built-in Projecting Software from the Product, not CD**
- **Plug and Show (PnS) technology: allows installation free by using PnS dongle (included)**
- **Presentation from Multiple Users**
- **Web-based Management Tools with Conference Control**
- **Compatible with Virtually All Projectors with VGA Connectivity**
- **Vista Compatible**

Benefits

High-Speed Wireless Connection

ZyXEL WPA-1000 seamlessly integrates a high-speed wireless hardware solution and a unique compression software module to provide 54 Mbps data throughput via wireless connections. With its friendly Web-based user interface, users can control the presentation with just one button on the PC utility software; while WPA-1000 replicates the image on the computer screen to the remote display device, such as a projector, simultaneously.

Auto-Search VGA Signal Support

With ZyXEL WPA-1000, conventional wired projectors/monitors can be upgraded to fancy wireless counterparts immediately. Since WPA-1000 searches virtually all projector/monitor signals automatically and eases the setup efforts, just click a button and your professional presentation is ready to roll.

No VGA Cable or User Swapping Hassle

With ZyXEL WPA-1000, speakers do not have to swap VGA cable for their turn, and you have greater control over the presentations. The WPA-1000 administrator can designate a logged-in user to display his or her material, and queue all others on a waiting list with handy stop/play/kick functionalities on the control panel.

Specifications

Standard Compliance
- Comply to 802.11b/g wireless connection
- Standard VGA output

Software Features
- AP mode (as a server in wireless connection)
- Auto-search for available projectors

System Requirements
- Computing power: Intel Pentium III 800MHz or faster processor
- Memory Size: 256 MB RAM
- 10MB free hard-disk space
- Operating System: Microsoft Windows 2000 Service Pack 4 or later, Windows XP Service Pack 2 or later, or Windows Vista 32 bit
- Browser: Microsoft Explorer 6.0 or 7.0 (recommended), Firefox 1.5 or 2.0
- Networks: 802.11b/g Wireless adapter or Ethernet connection
- Display: Supports display resolutions up to 1280 x 800 with 32-bit color depth

Hardware Specifications

Networks
- One 10/100 Ethernet LAN port
- 802.11b/g wireless connection with antenna

Output Connectors
- D-Sub 15-pin VGA Connector

Power
- DC 5V, 2A

Others
- Reset button

Physical Specifications
- Dimensions: 190 (W) x 130 (D) x 32 (H) mm
- Weight: 0.4 Kg

Environmental Specifications

Temperature
- Operating: 0ºC ~ 45ºC
- Storage: -40ºC ~ 70ºC

Humidity
- Operating: 5% ~ 90% RH
- Storage: 0% ~ 95% RH

Regulation

Safety
- UL1950
- CSA C22.2 No.950
- EN60950, EN41003

EMC
- FCC Part 15 Class A
- EN55022 Class A
