The Freestyle 2nd Gen with Gaming Hub (LFF3C)

KEY FEATURES (page 1 of 2)

PICTURE

Crystal Engine

Immerse yourself in a whole new home cinema and gaming experience. The Crystal Engine brings you optimized viewing experience (30-100-inch) in Full HD where ever you are.

PurColor®

See colors on screen the way they were meant to be seen. Innovative PurColor technology automatically adjusts and optimizes colors for richer, more true-to-life picture quality. With different variations in color, your favorite movies, shows and sports will suddenly take on a new look.

HDR Formats Supported

DESIGN

Point and Play

Pick a spot, any spot. Just place it, tilt it and watch content come to life with the smart theater that makes it simple. Take it to go for all your travels, whether it's across the country or just across the yard. The cradle stand gives you floor-to-ceiling flexibility with a rotation of 180 degrees—always giving you the best view.

Easy Setup

Let The Freestyle 2nd Gen with Gaming Hub do the work with its Auto Leveling, Auto Focus and Auto Keystone technology that adjusts your picture for the best view possible. No need to fuss with settings—just sit back and enjoy the show.

SMART FEATURES

SmartThings

Take control of your connected devices with SmartThings on your screen. From the comfort of your couch, you can turn off lights, check the door and more—using just your voice or remote. With this built-in app, you've got instant access to them.⁴

Smart Entertainment

Access everything. All your apps, workouts, recipes and shows in one portable smart theater. It's got your content covered with the streaming services you love.²

Gaming Hub⁷

Widen your world of gaming instantly without a console. Gaming Hub is where gaming comes together—bringing the best of console games, streaming games, and more—all in one place. With easier access to your favorite games, standalone apps and accessories, start playing faster than ever. Plus, get recommendations for other games, adjust setting to optimize gameplay and more.

Smart Calibration

The way it was meant to be watched. We did a favor for your favorite directors with Smart Calibration—cinema-quality screen enhancement right from your smartphone.⁵

Universal Guide

One simple on-screen guide organizes your streaming and live TV content, while also making recommendations.

Multiple Voice Assistants

You've got the power. Find all your favorite shows, turn up the volume and take control of your connected devices—all by using the Voice Assistant.

TV Plus

Enjoy your favorite content through virtual channels.

Tap View

Enjoy the same great features you expect from mirroring, like showing off videos, enlarging photos and video-calling family on the big screen, only with a different connection method for your Galaxy.

Full HD

Jump to a new dimension with Full High Definition. With 1920x1080 resolution, you can sit up closer than with HD, making everything larger, crisper and clearer.²

¹ Optimal screen sizes from 30" -100" measured diagonally; based on projector distance from the surface.

² Includes Samsung SmartHub by Wi-Fi; additional external content by Micro HDMI port (adapter/cables not included) and compatible devices with Apple AirPlay 2, SmartThings' Tap View. Content and services subject to change.

³ Micro HDMI port. Selectable as a Video input or ARC/eARC connection.

⁴ SmartThings compatible devices only. SmartThings app download may be required.

⁵ Compatible with Galaxy models released after January 2019, S, Note, Fold, Z Flip model. iPhone products released after January 2019 and with Face ID function.

⁶ Internet connection, additional gaming service subscription and compatible controller required.

⁷ Sold separately. Connect a USB-C type compatible battery for instant use and charge it with a C-type charger.

The Freestyle 2nd Gen with Gaming Hub (LFF3C)

KEY FEATURES (page 2 of 2)

CONNECTIONS

HDMI

Enjoy higher-quality audio and video with an HDMI connection that transmits both signals over a single cable. Compatible with next-generation Blu-ray™ player, Notebook, etc and HDR content decoding.

Audio Return Channel Support (via HDMI port)

Allows TV's with ARC capabilities and capable devices to transfer audio back and forth using one HDMI cable.

Wi-Fi

Enjoy your favorite on-demand content seamlessly through your existing network with built-in Wi-Fi (802.11AC).

AUDIO

360 Degree Sound

Immersive and astounding sounds with 360-degree audio from The Freestyle 2nd Gen with Gaming Hub. It may seem small, but it's got a big bark. High-quality speakers ensure an earful, even from across the room. Bring the noise even more when you connect a Bluetooth speaker, Samsung Sound Tower or Soundbar.
