Remote Control	IR remote control with laser pointer & PgUp/PgDn functions
Noise Level	36 dBA (Standard mode), 29 dBA (ECO mode)

Feature highlights

Compact projection

- Unique, elegant design
- Acer ColorBoost Technology
- XGA resolution
- 2000 Lumens brightness and 2000:1 contrast ratio
- DLP® system design

Ample usability

- Acer eView Management
- Acer eTimer Management
- Acer eOpening Management
- Acer SmartFormat Technology
- Acer InstantPack technology
- Automatic safety shutdown
- Quick signal detection

Reliable connectivity

- Digital connectivity via an HDMI™ port
- Multi-PC Connectivity
- Windows Vista® compliance

Effective functionality

- Longer lamp life (5000 hours)
- ECO Mode
- Keystone correction (40° vertical)
- Digital zoom and pan
- PIN security
- Built-in speaker
- Alarm
- PIN Security

ColorBoost

Acer ColorBoost Technology

Featuring an optimized 6-segment color-wheel design, powerful image processing, and advanced lamp illumination technology Acer ColorBoost technology provides incredible color performance, never before seen in conventional projectors. Brilliant color with a high contrast ratio presents ultra-vivid images for business presentations, educational purposes, and home entertainment.

SmartFormat

Acer SmartFormat Technology

Conveniently supports comprehensive wide-format PC signals. You no longer need to worry about annoying "Signal not supported" issues, nor must they change the resolution of their wide-format notebook.

eTimer

Acer eTimer Management

A digital clock that you can set and display onscreen for convenient reference keeps presentations going at the right pace. Acer eTimer Management also features a visual countdown and alarm, or countdown alone, to warn the presenter when time is up.

eView

Acer eView Management with Blackboard Mode

Acer eView Management helps you adjust your projector settings to suit any environment and any type of content in just a few moments. Six factory or user-defined presets instantly reconfigure color, brightness and contrast to deliver best-quality images every time. Innovative Blackboard Mode allows you to instantly project onto a traditional green chalkboard. There is no longer a need to set up a separate white screen.

eOpening

Acer eOpening Management

Acer eOpening Management allows users to easily create a customized startup screen for their Acer projector. Business users can set a corporate logo to create a professional brand image or add owner information to protect the projector from theft. Home users can have fun displaying their favorite photographs.

Instant Pack

Instant Pack

If the user is in a hurry to leave, the power cord can be unplugged right after the projector is turned off, without any resulting damage. There's no need to wait for a cooling period; the user can pack up the projector and leave immediately.

Auto Shutdown

Auto Shutdown

The projector automatically performs a safety shutdown if it does not receive input for a certain time. The shutdown interval can be changed via the OSD.
