MDP 2000-X

> Powerful, light and multifunctional.

MDP 2000-X TECHNICAL SPECIFICATIONS

Display	DLP ™
Resolution	1024x768 XGA Native
Brightness	2000 ANSI Lumens
Contrast ratio	2000:1
Audible noise	28 dB (economy mode) / 31 dB (normal)
Weight	2,4 kg
Dimensions (L x H x P)	265 x 236 x 104 mm
Supported Resolultion	VGA - SVGA -XGA - SXGA
Video compatibility	PAL, SECAM, full NTSC
Equipment Compatibility	PC, Macintosh, PDA, DVD player
Audio	3W Stereo speakers
Aspect ratio	4:3 and 16:9
Colours Palette	16,7 million colours
Image size	0,5m - 7,6m diagonal
Throw distance	1,2m to 12m
Focus	Optical zoom 1,2x
Projection lens	28 ~ 33,6 mm
Keystone	+ /- 16 degrees
Horizontal scan rate	31 to 100kHz
Vertical refreshing rate	56 to 85Hz
Advanced Functions	Wi-Fi Compatibility
	Economy mode
	Freeze Capability
Connection ports	Composite video, S-video
	VGA In, component compatibility
	VGA-out, DVI
	Audio, RS232
Environment	80% max humidity
	Operating temp.: 5°C to 35°C
	Storage temp.: -20°C to 60°C
Power supply	265 W (max.), < 15 W sleeping mode
	100-240V / 50/60Hz
Man machine interface	Multilingual menu configuration
	IR Remote control
Supplied with	Power cord
	VGA/VGA input cable
	Composite video cable + audio cable
	Lamp lifetime 2000h
	IR Remote control
	Carry bag
	Lens protection cap
	User manual
Optional accessories	Lamp SLP 507
	Ceiling mount kit
	DVI-DVI cable
	VGA component adaptator
	USB cable
	Wi-Fi Kit
Warranty	Projector (without accessories)
	3 years, pieces and manpower
	Lamp, 90 days
	Optional on site contract

PICTURE SIZE AND THROW DISTANCE

Screen size (diagonale) (meter)	Max	0,6	1,3	1,9	3,8	5,1	6,3	7,6
	Min	0,5	1	1,5	3	4	5	6
Distance (meter)		1	2	3	6	8	10	12

VERY POWERFUL FOR A PROFESSIONAL QUALITY OF PICTURE:

Do not put your audience in the dark!
With its 2000 lumens, the MDP 2000-X is very bright and gives clarity to your presentations in all light conditions. You can show your presentations anywhere, either in offices or conference rooms.
The high XGA resolution gives the image more pixels (1024 x 768): your images are clearer and you can see every detail.

THE MDP 2000-X, AN ECONOMICAL AND POLYVALENT TOOL:

With its 2,4 kg, the MDP 2000-X is an easily transportable mobile tool. This product was designed in order to reduce expelled heat, thus offering a quieter product.
You no longer need to have various models of projector! Indeed the economic mode function will enable you to adapt the image brightness according to environmental light conditions.
You can reduce its brightness when presenting in darker rooms to increase the lamp lifetime (up to 3000 hours) thus reducing your electricity consumption.
This projector can be adapted to every room and every situation...
Thanks to the "auto power off" function, the MDP 2000-X gets switched off after 15 minutes without signal, even if you forget to turn it off ; so you can use the lamp to its optimal level.

SIMPLE FOR INTUITIVE, IMMEDIATE AND FLEXIBLE USE, WITH LESS COMPATIBILITY PROBLEMS:

Just plug and present, the MDP 2000-X will manage everything else!
Thanks to the automatic source recognition, the MDP 2000-X displays the image immediately.
The numerous connections offered by the MDP 2000-X will enable you to be connected to any kind of equipment such as PC/MAC/PDA/DVD PLAYER and eventually to send the signal on another screen thanks to the plug-out VGA! The MDP 2000-X has full and advanced connections (VGA, the composites, S-video and DVI), you can actually even enjoy a quality of numeric image thanks to the DVI plug-in.
No more lamp replacement worries: a meter and a text message warning will tell you when it is time to replace it!

A PROFESSIONAL PROJECTOR:

Make your presentations even more attractive! Thanks to his High Tech remote control,compact and easy to use, and an ergonomy looking like the pad of the MDP 2000-X, just skip to one slide to another without moving, with an easy and intuitive utilisation!
The MDP 2000-X is also very quiet (28 dB economy mode), enabling more concentration from the audience.

ADVANCED FUNCTIONS:

The freeze capability allows you to freeze a presentation in progress while opening another document without your audience noticing it.
The zoom allows you to create the perfect image thanks to its adjustments (size and picture clearness).

NO MORE ENDLESS PLUGGING !

The MDP 2000-X WiFi kit facilitates multiple lecturer presentations avoiding endless plugging and unplugging. The wireless connection provides a flexible and fluid series of presentations.
