

EB-955WH

DATASHEET

This portable projector comes with a carry bag included to make for easy transport and storage of the projector when not in use. Ideal for use in meeting rooms, classrooms and home offices, the EB-955WH can display presentations with bright images and vibrant colours thanks to 3LCD technology. It also has a range of flexible installation options and connectivity features.

The EB-955WH uses 3LCD technology and an equally high White and Colour Light Output to deliver exceptional image quality and accurate colours. A 10,000:1 contrast ratio produces clearer image detail.

Epson understands that being in control is important when presenting in a corporate or education environment. The EB-955WH comes with multi-PC projection software, which allows content from up to four devices, including PCs, tablets and smartphones, to be displayed simultaneously. The moderator function allows the host, whether it is the teacher, lecturer or leader of the meeting, to take control of displayed content from the devices.

Set up is easy and flexible with horizontal and vertical keystone correction, helping you achieve a perfectly shaped image without distortion. This means projectors can be quickly moved and set up in different classrooms and meeting rooms.

This projector has enhanced connectivity, giving choice and flexibility however you intend to present. The EB-955WH can connect to the latest digital devices or legacy analogue products, meaning older hardware doesn't necessarily need to be replaced. Connecting smart devices couldn't be easier with the iProjection QR code connectivity¹ - simply scan a projected QR code using your smart device to connect and start working.

KEY FEATURES

- **Portable**
Small and light enough to be carried and used across several rooms
- **High-quality, bright image**
3LCD technology and equally high 3,200lm White and Colour Light Output
- **Enhanced connectivity and networking**
Dual HDMI ports; MHL support; RJ-45 Ethernet; optional Wi-Fi; iProjection via QR code
- **Flexible installation**
Horizontal and vertical keystone correction and optical zoom for flexible placement
- **Low Total Cost of Ownership (TCO)**
Long lamp life; A/V mute function pauses presentation and conserves power by 70%
