### Interchangeable Lens

To offer the most flexible installation in a wide range of environments, optional projector lenses are available. Choose the lens most suited for your environment. Adapt to different occasions with only one projector in an easy way.

### 360-degree Projection

Projector can be rotated 360 degrees in any direction for positioning flexibility. It enables special projection, for example exhibition and show demo, that requires projector not only supporting front angle.

### About Acer

Since its founding in 1976, Acer has broken barriers between people and technology, enabling people to explore beyond limits. Acer ranks No. 2 for notebook PCs globally (Gartner data 2011). The Acer Group employs 8,000 people across the globe, and revenues for 2011 reached US\$15.7 billion. Acer's channel business model is instrumental to the company's success, while its multi-brand approach integrates Acer, Gateway, and Packard Bell brands in worldwide markets. Acer designs environmentally friendly products and, with its vendors, has established a green supply chain. Acer is proud to be a Worldwide Partner of the Olympic Movement. That includes supporting the Vancouver 2010 Olympic Winter Games and London 2012 Olympic Games. More information is at [www.acer.com](http://www.acer.com).
