	Ceiling mounting kit

### ALWAYS MORE BRIGHTNESS!

The FDP 3000-X, the latest Sagem's front projector, is an essential tool for giving your presentations the brilliance they deserve. Regardless of the type of the meeting room, the FDP 3000-X challenges in offering a remarkable brightness of 3000 ANSI Lumens. The colours' quality and the nuances are outstanding and the projection is up to the quality of your work.

Thanks to its high XGA resolution, this professional of the projection offers you an exemplary precision, the merest image details appear with sharpness and perfection. Having a large range of colour restitution, all the image nuance and brilliance are reproduced with great care.

### UNIVERSAL COMPATIBILITY AT YOUR COMPANY'S SERVICE

The FDP 3000-X manages multiple image resolutions: from VGA to SXGA. Thanks to its complete range of connections (VGA, Video-composite and S-Video), you can connect your front projector to all types of equipment (PC, Macintosh, DVD player).

The FDP 3000-X is a polyvalent tool adapted to every room of your company!

Simplify your life with the keystone correction (vertical) to avoid image distortion whatever the configuration of your room and the position of your projector are. Thus, you will obtain a perfect image ready to transmit a clear message.

### FAVOUR THE INTERACTIVITY DURING YOUR PRESENTATIONS!

Connect your front projector to your PC as you like thanks to the multiple connections (RS-232 and USB are optional). Control at distance your presentation with the remote control. Use the remote control with laser pointer and you will attract your audience's attention on the points you want to focus on.

Benefit from the Wi-Fi option to facilitate the continuity of the successive presentations by different speakers. The fluidity of your presentations will be even more guaranteed.

Its low noise level makes it easier to dialogue all along the demonstrations and enables you to achieve an interactive presentation.

### A PACKAGE ADAPTED TO YOUR PROFESSIONAL ENVIRONMENT!

Sagem assures you the best conditions for maintaining your projector in perfect working conditions: the Sagem FDP 3000-X is supplied with a carrying case. For a stationary use, Sagem also designed a ceiling mounting kit (optional) which allows a fully safe use of your projector.

Discover also a complete serie of accessories in order to integrate your front projector perfectly in your working environment: power cord, VGA, S-Video and Video composite cables, user's manual, and laser pointer remote control.
