

## Features

With built-in radio frequency receiver, cordless wall switch and single-channel transmitter for cordless remote control.

Elegant combination of modern design and ease of assembly.

Triangular support rolls away completely into case. Ideal for building-in or recessed ceilings.

Automatic stop for rolling and re-rolling guarantees long lifespan of projection screen fabric.

High-quality projection screen fabric results in flat-hanging screen for optimum image quality.

Black border increases perceived clarity of projected image.

Quiet, fast motor with 5-year guarantee and CE quality mark.

Built-in mounting brackets are covered with side covers.

Direct, easy to mount on wall, ceiling and/or in cove.

► For technical characteristics, see "Elpro electrol" (page 10).

NEW

▲ Top quality electrically operated projection screen with built-in radio frequency remote control.

## Options

- Screen fabrics Matte white M and Datalux M.
- Formats standard (1:1), video (4:3) and HDTV (16:9).

## Accessories

- Ceiling brackets for mounting in high rooms or under lowered system ceilings. PASEL 004 length max. 100 cm
- To prevent image distortion during OHP-projection the following are available:
  - wall brackets to place projection screen fabric under a corner PASAC 001 length 75cm
  - wall clamps to secure slat bar to the wall with slanting projection surfaces PASEL 006
